ADDENDUM #1

REQUEST FOR PROPOSALS (RFP) #17-104 Genesee County Warning Sirens

1. Please include the following questions and answers, as part of the above mentioned RFP:
 - Q1. Does the County currently utilize an existing 2-way system to activate the sensors or is this a new part of this bid specification?
 - A1. Almost all the municipalities have two way Federal commander systems. The software is proprietary for Federal.
 - Q2. Will the county consider alternate brands of sirens/equipment?
 - A2. We can consider other equipment. The proposed equipment must be compatible with the current systems.
 - Q3. Do you currently have Auto-Activation on your current system? If not would you be interested in a system that does?
 - A3. It is capable of auto activation but it is not utilized.
 - Q4. Does your system log in to NOAA?
 - A4. No, the system has the capability of adding this feature, however, there is no interest in having the NOAA activating the system.
 - Q5. Are you replacing your system over time, augmenting a current system, or finishing the build out of a recent system?
 - A5. Finishing the build out of a new system.
 - Q6. Would you be interested in a system that does reverse notification and call outs?
 - A6. No, we utilize Code Red for the county which is managed and funded by 911. It is also a reverse 911 system.
 - Q7. What model of Federal command and control system is currently in use?
 - A7. All systems are using Federal Signal Digital Commander Software.

Indicate on the Signature Page item #6 and on the exterior of the envelope containing your proposal:
