

# Genesee County Prosecutor's Office

## David Leyton, Prosecutor

### Law Day 2010

Every May, the Genesee County Bar Association (GCBA) joins in the national celebration of Law Day with a luncheon that highlights the importance of law in our American system of democracy. One of the key elements to the Law Day luncheon is the attendance of dozens of high school students who are sponsored by members of the GCBA. Another highlight of the luncheon is the "Crime Victims Advocate of the Year" award which is presented by Genesee County Prosecutor David Leyton.

This year, Prosecutor Leyton selected Dr. Edwin Gullekson as the Crime Victim Advocate of the Year. Dr. Gullekson routinely works with the Prosecutor's office on cases involving child sexual abuse. Since 2003, Dr. Gullekson has served as the medical director of the Child Evaluation Clinic for child sexual abuse at McLaren Regional Medical Center. For many years he has served as a lecturer on child sexual abuse to medical residents, physicians and the public. In 2002, he was the recipient of the prestigious Michigan Hospital Association Health Leadership Award.

Chief Assistant Prosecutor Randy Petrides, Dr. Gullekson, and Assistant Prosecutor Marcie Mabry
